

Legal experts in outsourcing.

Helping you find your way to success in Outsourcing

Advice and assistance in:

- Drafting win-win contracts
- Managing the RFP process
- Developing and implementing strategic sourcing models, and tactical sole sourcing and multi-sourcing models
- Designing innovative and flexible pricing structures
- Developing effective service levels, benchmarking and performance criteria
- Establishing critical project management, change control and governance structures
- Designing the transaction to risk manage special issues such as bankruptcy and insolvency, and insurance requirements
- Conducting mid-term or end-of-term performance reviews/contract renegotiations.
